Safer London is working to create resources to help support young women like you. As well as resources to guide and inform the police and Crown Prosecution Service about how best to work with and support young women with your experiences.

We can't do this without the voices and experiences of those directly affected. We want to hear from you about your experiences with the police and Crime Prosecution Service.

We want to know:

- * What went well?
- * What could have been done better?

What you need to know

You will remain anonymous and everything you share will remain confidential.

You can get involved through an informal conversation, either through an in-person group setting or online - whatever suits you!

If you have any questions, please get in contact with Yvonne:
