

Young Londoner's Charter

saferlondon

Through this charter, we will continue to advocate for all young Londoners. As part of our unwavering dedication and commitment to young Londoners we will:

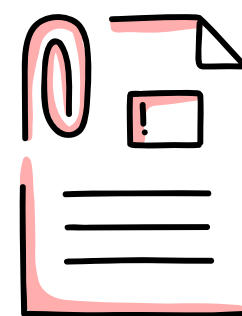

Amplify young Londoner's **voices** to ensure their priorities and rights are recognised and championed.

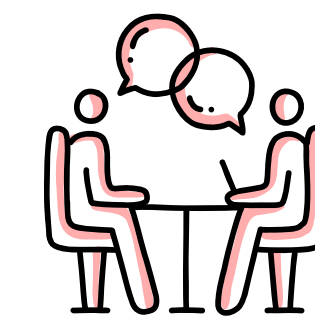

Support young Londoners to be able to understand **consent** and have the ability to make their own choices.

Support young Londoners to make their **own decisions** through their journey with Safer London.

Foster an environment where our organisational methods, can be **openly challenged**.

Engage with external partners involved with children and young people, to encourage them to **listen to and support** the needs of all young Londoners.
